STAR TRACK

Aries (March 21-April 19)

Just because something seems easy doesn't mean it is right. Taking the easy way out can lead to trouble. Not feeling right about the path before you, you may choose the long way around to accomplish your goals. This is a great time in your life to work with others. You may find you are chosen as just the right person to lead a new project at work. Not only are you highly organized, your directional abilities are great. You may be offered a new position or asked to lead a project. Your confidence levels are high now and for good reason.

Taurus (April 20-May 20)

What a great day to spend some time with those you love. Enjoy some time sitting around with friends and family. You may find taking a walk down memory lane will bring much laughter into your life today. You live and learn. You have had your share of both. Good times are yours for the taking. You may find yourself extremely sensitive to the needs of others. You find yourself very understanding. Others seem drawn to you today. You are the friend others want to have.

Gemini (May 21-June 20)

With your mind set on a hair trigger, you could find yourself making some hasty decisions. Careful not to find yourself in conflict. Tense energy and unusual thoughts may come your way today. You may find that you are indecisive. This is a day best finding ways to relax and slow your roll a bit. Hit the gym. Nervous energy can work to your advantage with pumping iron or doing cardio. Always look for a positive outlet. This is not the day to make any purchases. Leave this for later as you may find that you change your mind over and over today. You may not be sure what you want today, so choose relaxation.

Cancer (June 21-July 22)

You are making a difference in the lives of more people than you realize. You could qualify as a GREEP. That's a good thing, a compliment. It is an acronym for Constantly Ready to Encourage Every Person. You tend to focus on the other person, not on yourself. You send the message "You are enough." Don't change the way you relate to people. Keep doing what you are doing. You don't have to work at it. It comes naturally for you.

Leo (July 23-August 22)

Don't be surprised if you cross paths today with someone who just doesn't sit right with you. You have a feeling that something about them just isn't right. You may feel as if you want to get away from this person as soon as possible. Your virtues are simple. You prefer this way of life. Today may be a day you are having difficulty with focus and performing your daily tasks. You seem in a dreamy mood and unable to snap back. Deep in thought you seem to have too much on your mind. This may be a good time to sit back and reorganize and restructure your surroundings and goals. You are in a way shutting down due to an emotional overload.

Virgo (August 23-September 22)

You may not get much praise for the work you are doing. The reasons are more about other people than about you. Don't be discouraged. The important thing is that you will do the work and learn from it. It will not be wasted. The things you learn will serve you in good stead in the future. Be sure your hard work and dedication will pay off.

Libra (September 23-October 22)

When you hear the phone ring today, answer it. You have a friend in need and you are just the person to help them out. You are understanding. There is no issue too personal that your friend feels they can not discuss with you. Your guidance and knowledge are priceless to this person. The first person they feel they need to run to when things go wrong. Be careful to not take on emotional baggage when offering your advice. This is not your circus and these are not your monkeys. You have to remember there is a difference between sympathy and empathy. Use caution, Libra. The weight of the world does not belong on your shoulders.

Scorpio (October 23-November 21)

You may be feeling a strong desire for change, a need for something new and different. It may be time to throw out the old and start fresh. Let your creative side be your guide. Step above and beyond the boundaries you have allowed yourself to become so comfortable with and let your hair down. You may find those close to you are drawn to the new and different version of you and find great ease when communicating with them. This could be a great time to study and take some time to broaden your intellectual horizons. Reach out to a love one whether by a phone call or possibly a letter. You may find they are very open to what you have to say and old barriers between you have since dissolved.

Sagittarius (November 22-December 21)

Don't be surprised if you cross paths today with someone who just doesn't sit right with you. You have a feeling that something about them just isn't right. You may feel as if you want to get away from this person as soon as possible. Your virtues are simple. You prefer this way of life. Today may be a day you are having difficulty with focus and performing your daily tasks. You seem in a dreamy mood and unable to snap back. Deep in thought you seem to have too much on your mind. This may be a good time to sit back and reorganize and restructure your surroundings and goals. You are in a way shutting down due to an emotional overload.

Capricorn (December 22-January 19)

Today is a great day to spend with someone you love. You may find yourself very emotional and deep in thought. You are focused on the meaning of life and what your true purpose in this life is. You will find great satisfaction and peace with where you are in life and comfort in the arms of your love one. This should prove to be a very satisfying day for you and one that is overall productive. Barriers may be crossed in your relationship and you may feel you have reached a new level with this person. Your ability to speak and truly be heard will play a major role in this connection being made today.

Aquarius (January 20-February 18)

As clearly as you can see what direction you want to be headed, you are also able to see the past today. Memories of days gone by seem to flood in. You have come to appreciate the obstacles life has put in your path. You know that the struggles you have faced have only made you stronger. You may develop a strong bond with someone younger today. Your wisdom and life experience will be very beneficial when helping them with a situation they are dealing with.

Pisces (February 19-March 20)

This could be an open mouth, insert foot kind of day for you. Be sure and think before you speak. This will help you enjoy a more peaceful day. You may find getting your point across to be a little difficult today. This is not a problem you can't overcome. Take the time to truly listen when others speak to you. Choose your words carefully. This could be a simple case of your mind running faster than your mouth can speak. Slow down and think before you speak.
