

# KNES STUDENTS PARTICIPATE IN BEACH CLEAN-UP

A total of 40 fourth, fifth and sixth grade students from Kuwait National English School (KNES) took part recently in a beach clean-up at Shuwaikh Harmony Beach. This was a very special event as KNES was the only school that had been invited to attend this beach clean-up alongside some of the workers from Fantasy World, who had sponsored this activity.

During almost two hours of clearing rubbish from the beach, the children helped to collect almost 3000 kilograms of waste that had been left behind including old rope, plastic bottles, polystyrene and some huge tires. The children of KNES always enjoy coming to the beach clean-ups because they can see the difference that they make when the rubbish has been cleared away. They know that they are contributing not only to a cleaner place, but also a safer place for the wildlife that lives there and depends on people like us to help keep them safe.
