celebrates

15 Years of

KUWAIT BEAUTIFUL & GREEN

THE MIDDLE EAST'S LARGEST STUDENTS' ART COMPETITION

March 11th Till April 15th, 2018

Strategic partner

ZAIN

in cooperation with

Hardee's

Hosted by

SYMPHONY
STYLE HOTEL

180 schools and 10,000 students participate in the first week

Due to the demand by schools and individual students to participate in the art competition, the last day of receiving participants' artworks will be on April 15.

With the aim of boosting environmental public awareness, developing an aesthetic sense and caring for environmental issues in Kuwait, Kuwait Times' 15th students' art competition seeks to invest in the success so far achieved since the contest's inception in 1994. In 2017, over 15,000 students aged 6 to 18 from over 135 public, private, Arab and foreign schools in Kuwait participated. We hope participants in 2018 will exceed 20,000.

Kuwait Times has been organizing the 'Kuwait Beautiful & Green' students' art competition in collaboration with Zain as a strategic partner to unleash students' creativity. The competition is co-sponsored by the reputable Hardee's restaurants and the conclusion ceremony will be held at the Symphony Style Hotel.

The competition aims at promoting students' environmental awareness and encouraging them to effectively take part in various environment-oriented activities with an ultimate aim of acquiring more knowledge and skills, sense of

responsibility as well as positive attitudes. It also aims at boosting the principles of moderation and tolerance among students and encourages them to be ambitious, protect public resources and take part in sustainability-related initiatives that will help protect the environment.

Environmental protection is not just a motto or meaningless words. It is in fact an integral part of our history and heritage. It is a way of life because we have been and will always be committed to peaceful co-existence between man and nature.

All students aged 6 to 18 in various stages are invited to participate in the competition with drawings and paintings expounding their environmental passions, as the environment is the base of sustainable development, in the form of planting rather than desertification, cleanliness rather than negligence and public safety rather than lethal pollution. This is how we want our Kuwait to be - a green, beautiful oasis that reflects the beauty and high taste within our souls.

The door is still open for schools and individual students to participate in this environmental competition. For more information, call us on 24835616/7.
