# Kuwait Red Crescent Society distributes food boxes in Jleeb Al-Shuyoukh

## Priority in food distribution to areas under lockdown

**KUWAIT:** Kuwait Red Crescent Society (KRCS) distributed Saturday 1,000 food boxes to workers and people living in Jleeb Al-Shuyoukh, which has been under lockdown to curb spread of coronavirus. KRCS gave priority for the distribution of food boxes to areas under lockdown: Jleeb Al-Shuyoukh, Mahboula, Farwaniya, Khaitan and Hawally. Society's Secretary General Maha Al-Barjas said in a statement to the press. She said KRCS continued to support all segments of the society and alleviate their suffering caused by the pandemic. The box, she added, included rice, oil, sugar, tea and canned ready-made food which was enough for a month. KRCS, said Barjas, was distributing food boxes in the isolated areas in order to prevent movement of people living there in line with health authorities' instructions to restrict movements in those areas. KRCS also delivers food boxes for needy families nationwide, she said, and urged the private sector to contribute to KRCS's program to curb the pandemic. She thanked the volunteers who were serving their country and participating in the society's programs. — KUNA

## All men are created equal

By Abdellatif Sharaa

local@kuwaittimes.com

Racism - what a heinous act and an ugly word. It is a subject that is full of controversy - in the past and present. I cannot believe that there are still those who believe that they are better than or supreme to others or consider others as less than human because of skin color, language, customs, place of birth, religion or any factor that supposedly reveals the basic nature of that person. Islam fought racism head on and did not leave any doubt about condemning this behavior, and declared that in the religion of Islam there is no racism and all people are equal.

This was confirmed by the Messenger of Allah Muhammad (PBUH), who said there is no difference between an Arab and non-Arab and between white or black but except in piety (believing in God and doing good deeds and to move away from evil ones, obedience to Allah, etc). The quotation "all men are created equal" is part of the US Declaration of Independence, which is supposed to have given a solid foundation for the creation of a new nation and the country kept going and became the strongest country in the world despite a devastating civil war, but this is not the point.

History tells us that we are in the 21st century, when everything has moved further and man has made so many advancements and added to his knowledge and should act in accordance with that. In the US, George Floyd was already under control and could be handcuffed and placed in the police car, but the stubbornness of the police officer lead to his death, or so it was alleged. What happened to him can happen anywhere around the globe because of an individual's behavior. What is also alarming is that the other three officers at the scene were being trained by this officer, which makes it more alarming and scary.

We must learn from our behavior and remember our mistakes very well so that we do not make them again. The tragic events that took the life of Floyd in the United States, though unwarranted and uncalled for, can be a great lesson we all can learn from and hopefully it will be the last such act, although there were many like it in before. Let us restore our humanity and go back to basics and act as God wanted us to act, or at least as our human instinct of loving and good deeds wants us to be. Rest in peace George Floyd.

Final Word: Prophet Muhammad (PBUH) said: "No one of you becomes a true believer until he likes for his brother what he likes for himself".

PS: Please note that the word MAN for me means both genders, and there is no difference whatsoever between the two.

## Coronavirus in Kuwait: What we know so far

**KUWAIT:** Kuwait has recorded 31,131 cases infected with the novel coronavirus (COVID-19) as of Saturday, in addition to 254 deaths. With the exception of 180 cases in intensive care, all infected cases are in stable condition and are recovering in quarantined locations designated by the government for this purpose, while thousands have been discharged from quarantine after exhibiting no symptoms during their 14-day quarantine period, the Ministry of Health confirmed. Meanwhile, 20,205 people have recovered completely after previously being infected with the virus, while there are 10,672 people receiving treatment and 23 quarantined.

### Curfew

Kuwait imposed a three-week partial curfew starting May 31, as part of a five-phase plan for a gradual return to normal life, brought to a standstill by the novel coronavirus (COVID-19). The first phase also includes a total lockdown on Farwaniya, Khaitan, Hawally, joining Mahboula and Jleeb Al-Shuyoukh which were put under lockdown earlier.

Activities to resume in first phase included home deliveries of restaurants, telecommunication companies, food retailers, companies' transportation of employees, gas stations, private clinics and car workshops. The second phase will see the curfew shortened to be between 9:00 pm and 6:00 am, while resuming work in the government and private sectors with the workforce being less than 30 percent, in addition to resumption of constructions, banking sector, malls opening for eight hours and according to special instructions, parks and pickups from restaurants.

The third phase would see an end of curfew, and health authorities would be assessing situation of areas under lockdown. It would see increase of workforce to less than 50 percent. Visits for social care homes would be allowed, reopening of hotels, resorts and hotel apartments. Taxis will be allowed to operate with only one passenger, and Mosques would be allowed to perform Friday prayers.

Phase four would see an increase in workforce, restaurants would be receiving customers but with restrictions, and public transportation resumed but with distancing. All activities would resume in phase five, government and private sector returned to normal, families could gather, weddings and graduation ceremonies, health clubs and gyms to reopen, as well as cinemas and theaters.

Earlier, Kuwait imposed a total curfew from May 10 to May 30, allowing room for people to walk out for daily exercise between 4:30 pm to 6:30 pm, and to shop at co-ops and supermarkets once every six days during the curfew hours by making an appointment through [www.moci.shop](http://www.moci.shop). Before that, Kuwait enforced a country-wide partial curfew from 5:00 pm to 6:00 am, which was later extended to start from 4:00 pm until 8:00 am during Ramadan, while allowing restaurants and food stores to make home deliveries from 5:00 pm until 1:00 am. The government also locked down Mahboula and Jleeb Al-Shuyoukh in a bid to contain the spread of the virus and enable health workers to test inhabitants. Earlier, the government decided to close all shopping malls, beauty salons and barber shops as part of its measures to prevent the spread of the

coronavirus. The government also allowed supermarkets, restaurants and shops to host a maximum of five people at a time and in case there are lines, the distance must be at least one meter between people. The Ministry of Commerce launched a website ([www.moci.shop](http://www.moci.shop)) to enable people to book appointments to shop at co-operative societies in their areas. The Public Authority for Industry also announced that companies can apply to evacuate their workers from Jleeb Al-Shuyoukh and Mahboula. To do so, they must fill a 'workers evacuation form' available on [www.pai.gov.kw](http://www.pai.gov.kw), and send the form via email to: [Jasiri@moh.gov.kw](mailto:Jasiri@moh.gov.kw).
